Matt,

The meeting invite for November 14th, shows LA City Hall as the meeting location. Has this changed to LACDPH Headquarters building in Baldwin Park? If so, can you please provide the address and room number?

Thank you,

From: Matt Baca [mailto:MBaca@ph.lacounty.gov]

Subject: RE: Interagency Coordination: AllenCo Re-opening

Hello all,

October 31, 2018 Meeting Date Cancelled. Next planned meeting date: November 14, 2018.

We would like to thank everyone for their participation and proactive discussions at our last Interagency Coordination Meeting regarding Oil/Gas. We are currently at 62 folks on the participant list.

LACDPH is continuing to ask all agencies to please reply to all regarding any planned or unplanned AllenCo activities.

Recap From October 17, 2018 Meeting:

- DOGGR has many items to address with the AllenCo Start Up Plan including missing procedures for needed testing. DOGGR plans to send their response to AllenCo requesting further needed information for addressing missing pieces in approximately 3 weeks. DOGGR has agreed to send the Interagency Group a copy of letter and identified gaps, when sent to AllenCo, for coordination purposes.

- US EPA has not received any of the outstanding items and needs from AllenCo as requested by their agency
 - City Attorney's Office states that there is not a current start-up date for AllenCo and that any previous dates mistakenly appeared on the Start Up Plan due to internal AllenCo miscommunications. The City Attorney's Office asks that agencies relay, to the community, that AllenCo reopening is not imminent in order to assist reducing fears within the community. The City is asking the AllenCo attorneys for verbiage to send out to the community regarding this.
 - There were many questions surrounding the Fenceline Monitoring presentation and provided information. Particularly, concerns from both the Public Health findings and the Los Angeles Unified School District surrounding increased high pressure methane build up within oil fields and safety. It was decided to schedule a smaller subgroup meeting with the City Attorney's Office, Public Health, SCAQMD, Cal EPA, US EPA, DMH, and emergency management to go through all the Public Health Findings and see how they may be supported by the City Attorney's Office Injunction and or if other Regulatory Agencies may provide additional mandates it relates to odors and the community's Health and Safety.
 - Based on all conversation surrounding the Fenceline Monitoring it was decided that the City Attorney's Office would request a more spelled out Fenceline Monitoring Plan be produced and shared with the Interagency Group in order to address a detailed operationalized plan and the many questions and concerns that were discussed and requested by the Interagency Group.
- Agencies agree to keep the biweekly Wednesday meetings to 9:30 a.m. to 11:00 a.m.
 - By request we are looking at moving future meetings to the Baldwin Park LACDPH Environmental Health Services Head Quarters
 - Next planned meeting is November 14, 2018 from 9:30 a.m. to 11:00 a.m.

Thank you.
